

MULTI-FONCTIONS ULTRA

LUBRICANT AND WATER REPELLENT PRODUCT

APPLICATIONS

MULTI-FONCTIONS ULTRA is a water repellent, a corrosion inhibitor, a lubricant, a releasing fluid and a cleaning agent.

MULTI-FONCTIONS ULTRA can be used between -40°C and $+200^{\circ}\text{C}$ and is silicone-free.

BENEFITS

- Leaves a very thin film with a number of properties on the treated surfaces.
- Powerful water repellent.
- Prevents dielectric currents and short circuits on ignition systems and lighting systems. A battery that has been briefly treated with **MULTI-FONCTIONS ULTRA** is efficiently protected against self-discharging and acid corrosion.
- Rubber seals treated with **MULTI-FONCTIONS ULTRA** remain resilient and do not stick.
- The integrated extension makes it easy to treat locks and prevent them from freezing.

PRODUCT CHARACTERISTICS

CHARACTERISTICS	UNITS	METHODS	TYPICAL DATA
Appearance	-	Visual	Clear
Colour	-	Visual	Yellow
Type	-	-	Special additives, penetrating and water repellent agents in a solvent medium
Specific gravity at 20°C	kg/m^3	NF T 60-101	810

This typical data is given for information only

AEROSOL CHARACTERISTICS

- Gross volume : 650 ml
- Net content : 500 ml
- Net weight : 339 g
- Weight of active product : 188 g
- Double ball valve for use in any position.
- Supplied with 2 spray nozzles : 1 standard and 1 long.

HEALTH, SAFETY AND ENVIRONMENT

Only dispose of completely empty containers.

Disposal after use must comply with current applicable regulations.

Store in an area protected from the weather.

Our technical department is available to help and advise you if needed.

Propellant gas: butane (extremely flammable).
